PRESS RELEASE:

Have you visited the Port Angeles Landing Mall lately? We welcome five new businesses: Gentry Architecture Collaborative and Clausen Engineers; Landings Art Gallery; the Salon at the Landings, Celestial Coffee and Smuggler's Landing Restaurant. We're excited about these new businesses and encourage you to stop by and visit them.

Gentry and Clausen are in Suite 308, the office with the best water view in the city. The Landings Art Gallery is on the first floor where the Waterfront Art Gallery was. Chetta Wallace has opened Salon at the Landing and is open by appointment, including Sundays.

And don't forget to visit our other tenants: Victoria Express/Arrow Launch, What's In Store, Bob Stepp's Victoria Visitors Center, Wine on the Waterfront, NOAA Discovery Center, Jack Gunter Art Gallery and Downrigger's. The former Landings Restaurant and Lounge will be opening this spring as Smuggler's Landing Restaurant and Lounge under a new owner. Watch for further information.
